

Health Innovation Dudley **Emerging Design Concepts**

Why are we doing this?

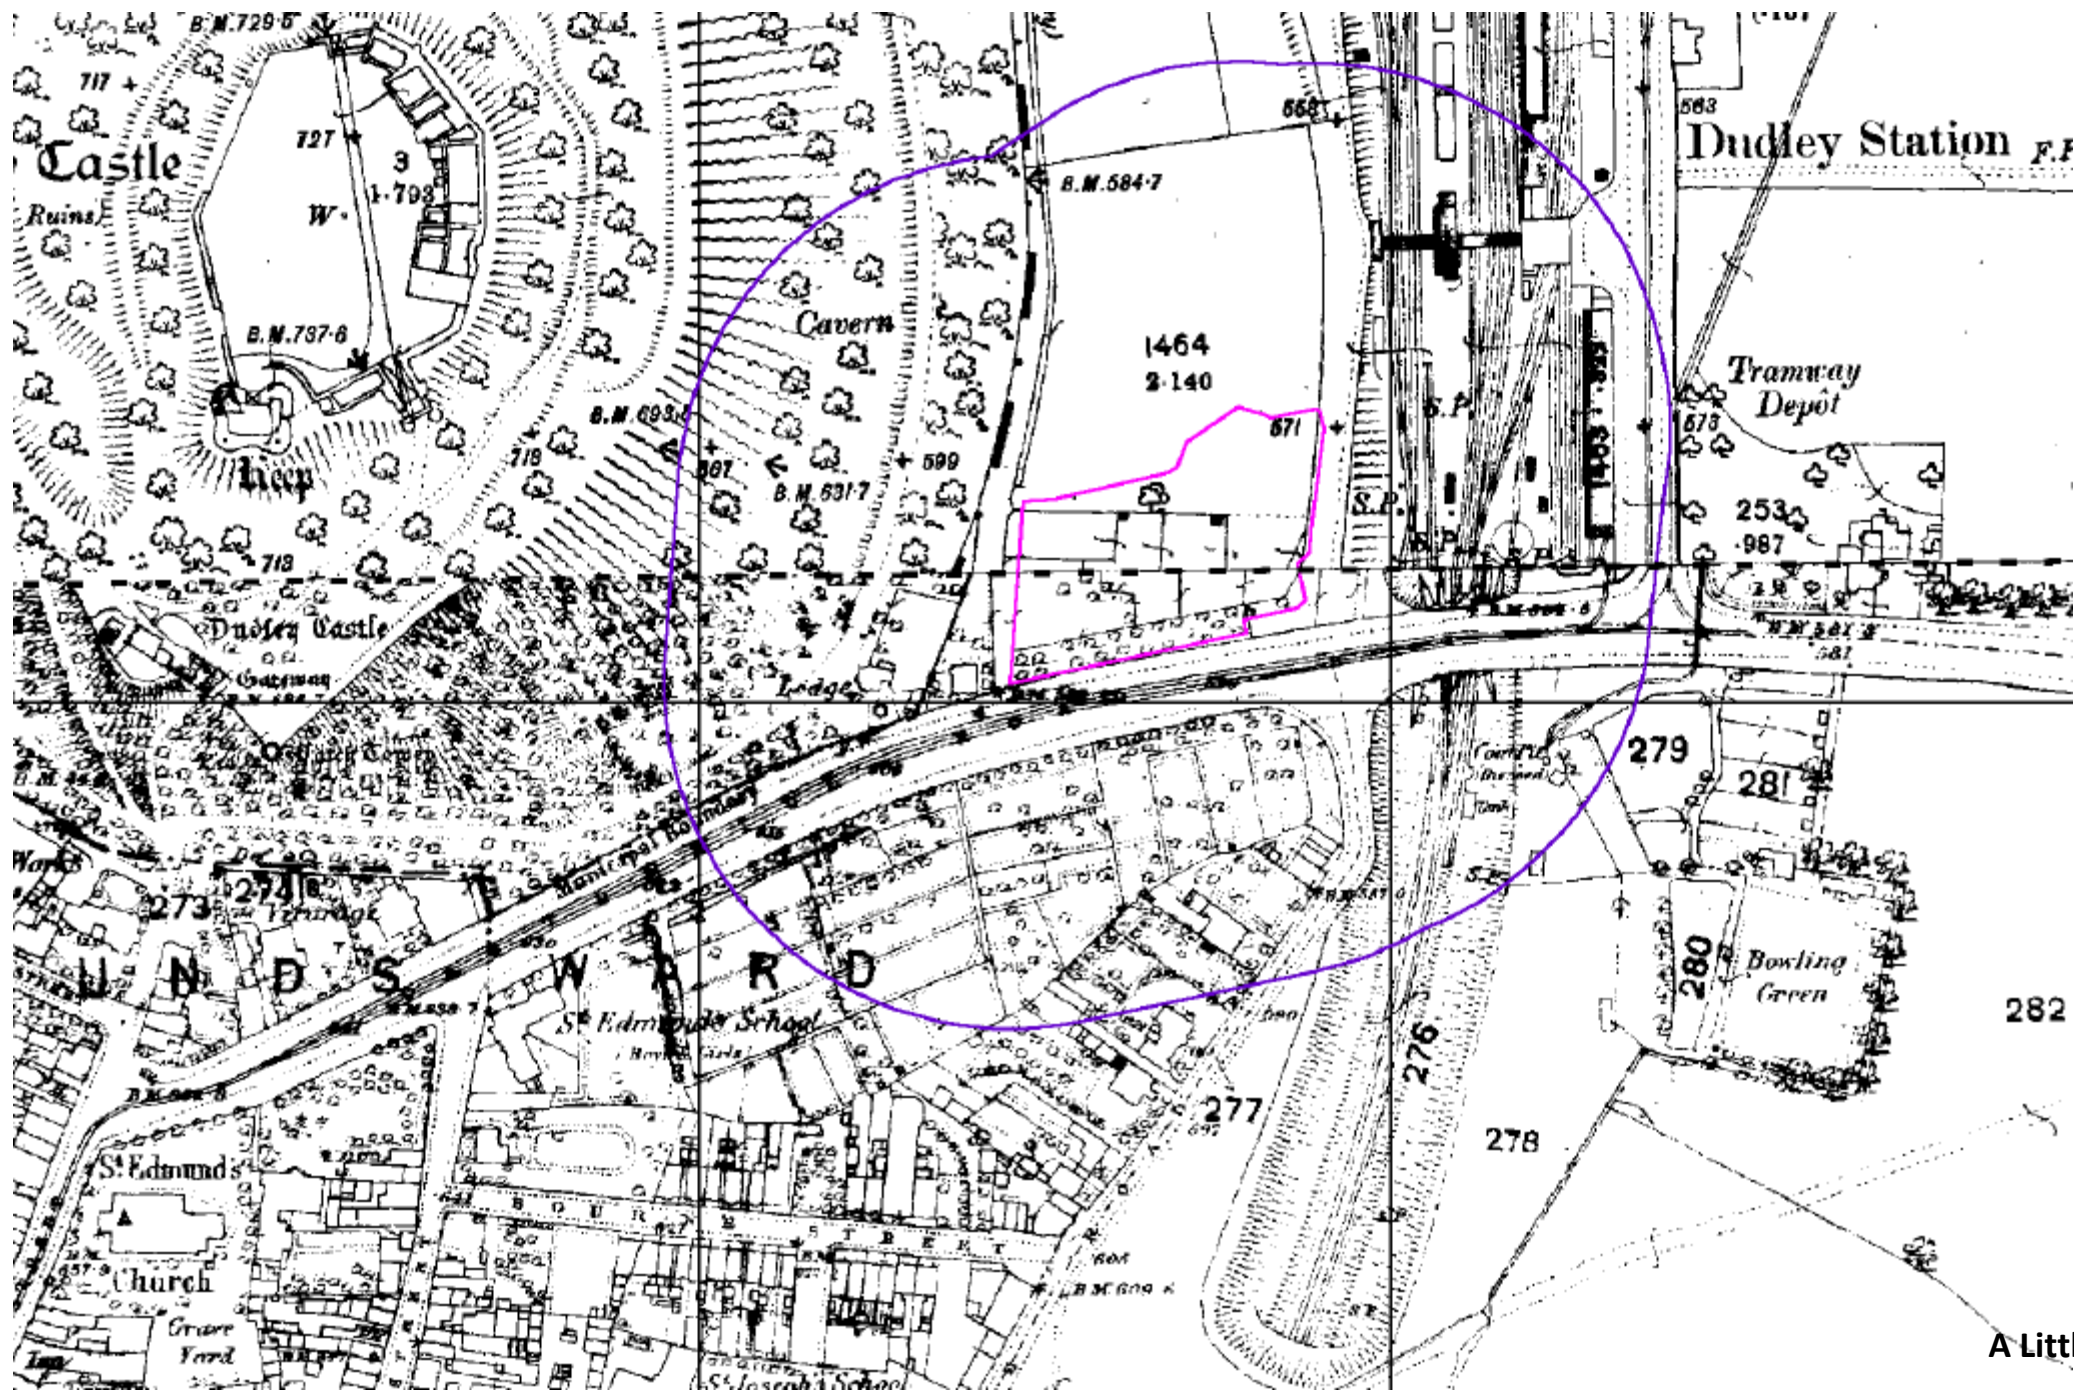

For people and skills

- Raising skills, employment opportunities and GVA in the Borough.
- Providing vital local skills resources to the local NHS providers.
- Raising access to awareness of health and wellbeing issues and opportunities to the people of the Borough.
- Further establishing Dudley as a destination for innovative thinking.

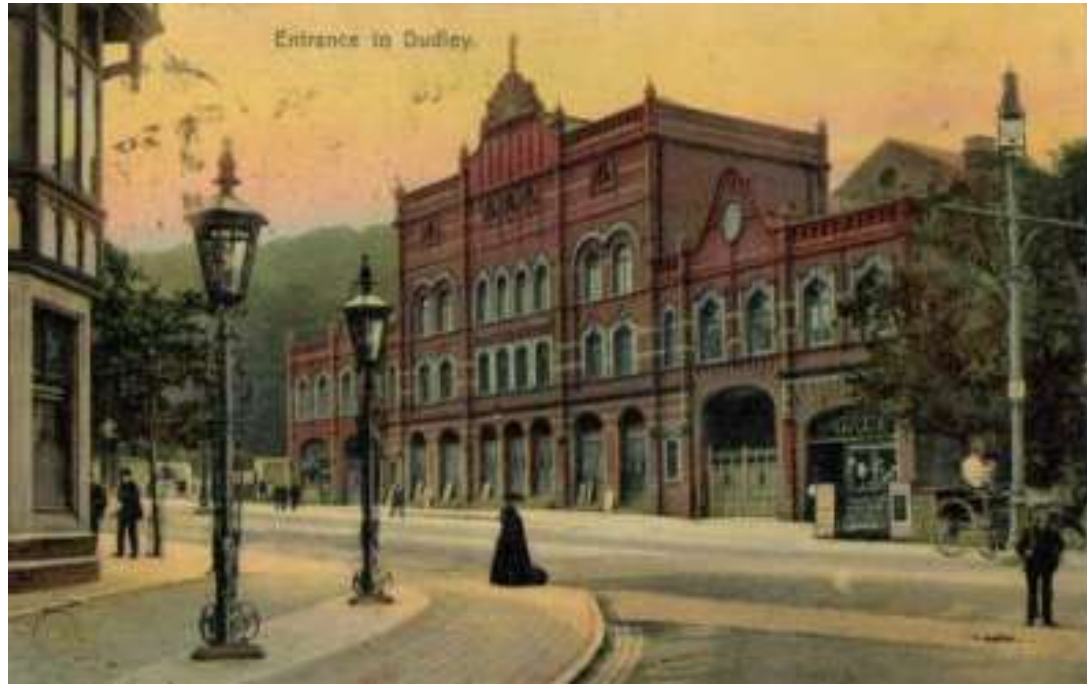

For spatial regeneration

- Announcing a new 'built' gateway to Dudley town centre.
- Restoring the setting of Dudley Castle as the dominant focus on main approaches.
- Respecting and referencing the historic and social context of Castle Hill.
- Further establishing the University Park as a major entity in the further development of the Borough.

1887
